GRADUATE SCHOOL OF ARCHITECTURE, PRESERVATION AND PLANNING (GSAPP), COLUMBIA UNIVERSITY, NEW YORK CITY

ANNA OURSLER / M. ARCHITECTURE + MS. URBAN PLANNING

“We need to be much smarter in terms of building buildings and how we use energy, and as a consequence, we are going to save money for consumers and deal with issues like climate change that have an enormous economic and health impact on Americans as a whole”

“there’s a lot of low-hanging fruit”

President Barack Obama, 30 April 2015
